“Choose us for the best and most accurate choice”

OUR ACTIVITIES

With its philosophy of continuous development, the Group has managed to develop up-to-date solutions to today's changing needs and achieve modern production techniques and flexibility. The main aim of the group is to continue its growth efforts to meet the needs of Turkey and the world.

"Construction"

The steel carriers that we have designed and pre-produced as Pegas Engineering are put into use in the field in accordance with the project by our teams within our company, taking into account the assembly principles as well as the project design principles.

"Health Tourism"

Our team, which is aware of its important role in the development of our country's health sector, closely follows all innovations and technologies in its field and works to offer these services to its patients in the fastest and most reliable way.

"Rent a Car"

We have the best cars and the most reliable cars

"Food and Drink"

Choose us for the healthiest foods and the best energy drinks

HEALTH TOURISM

As Pegas Medical, we strive to provide our patients with excellence in both medical and service fields. In partnership with the Turkish Ministry of Health, we as a team work hard to offer our patients the most innovative and affordable treatment options.

Our company serves our domestic and international patients with its experienced staff and distinguished hospitals. We offer the highest quality service to our valued guests, with our physicians who are experts in healthcare and aesthetics and our contracted hospitals
